Asking \$32.00 psf Modified Gross

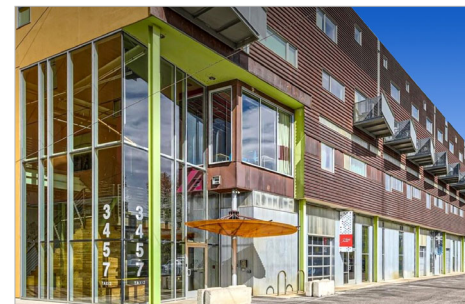

Property & Area Highlights

From a remediated brownfield site and former home to that of the abandoned Yellow Cab Depot, the TAXI Campus was born. It was in September of 2016 that Zeppelin Development injected \$50 million into the transformation and expansion of their unique concept of the growth of the TAXI Campus project within the RiNo area, of which they also developed and grew as well.

Today, the TAXI Campus consists of ten buildings as a mixed-use community of creative residents, innovators, and entrepreneurial enterprises with varying industries in technology, design, architecture, the arts to name only a few.

3457 Ringsby Ct was one of the first buildings recognized as TAXI 2 within the TAXI Campus. Today, its 550 ft long, mixed-use "landscaper" with 60,000 square feet of office condos serves as an unusual vessel for both established and new businesses seeking out a new environment within the famous RiNo and LoDo districts.

This recently available unique 1,199 sf office condo, **unit 212**, has its own flare for sophistication boasting a plentiful use of floor to ceiling windows, specially-designed sandblasted glass slider door and sandblasted walls beyond the entrance giving way to an open office layout of a large conference room, four offices, three cubical areas, a full kitchen with sink, and interesting lighting throughout. This condo also provides three parking spaces and is within a few minutes away from the famous RiNo district activity.
